Our Vision

Our vision is to help prophetic people in local churches rise up as prophetic ministers for their local churches. Our curriculum and activations are closely linked to Christian International under Dr. Bill Hamon.

Who should participate? Those who are called and gifted in prophetic ministry who desire is to be trained and refined under our ministry. And those who desire an on going relationship. The reason we require the pastor's approval to participate is that we believe in strengthening the local church.

We begin at a training level where we expect each person to have already taken "Ministering Spiritual Gifts" (MSG).

Our Strategy

On the third weekend of each month we meet for orientation training This includes several opportunities to observe prophecy in action. More things are caught than taught. There are also activation or lab experiences in prophetic training each month.

During the time between classes each student has homework to complete. This is a part of the prophetic mentoring process. Some students will take this training more than once in order to grow in God.
